Driving directions:

From the junction of I40 & US-285 South, follow US-285 South for 134 miles. Turn left onto US-70 East. Go about 19.5 miles, turn left at the microwave towers on the north side (left side) of the hwy.

The parking area is just past the towers and is a bit hard to find, especially at night. Watch for highway traffic that is not expecting people to be turning off the road here.
